1st - T & S Appleton (VIC)

2nd - A & C Druery (NSW)

3rd - H George (SQ)

Judges Comments:

Judged by: Alistair Home & Scott Eriksen

A strong class of birds with strong feather in the top group. Although the winner

(T & S Appleton Victoria) has only one tail, it is still the strongest bird over all.

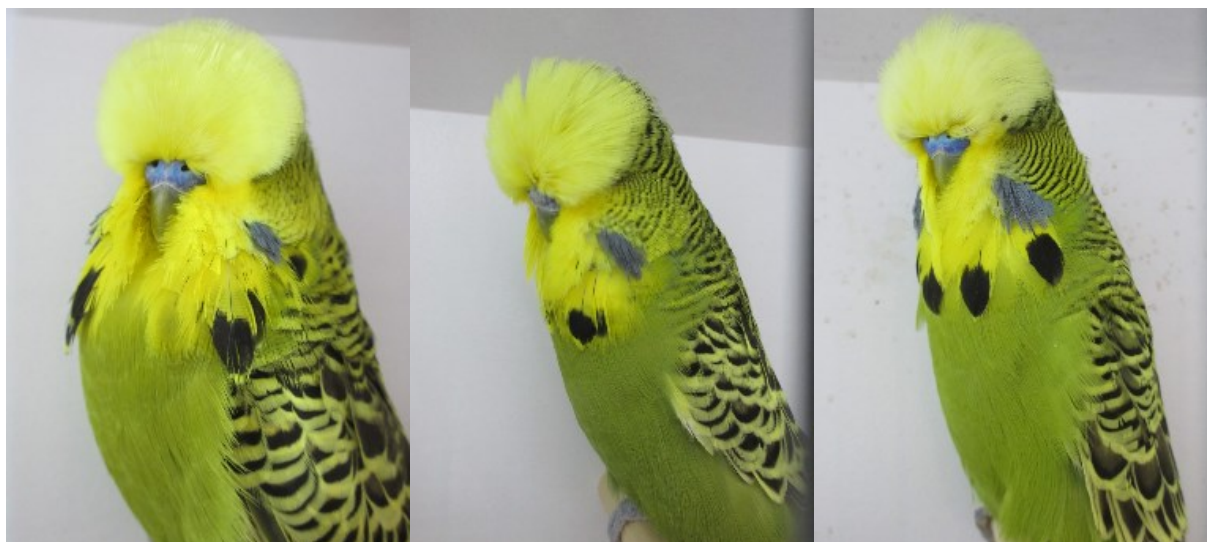

Second (A & C Druery, NSW), again a very strong bird with good feather.

Third (Henry George, Sth. Qld), another good bird with good feather but just a little less in quality than the two placed above it.

Bird in cage S (bred by B & D Card from South Queensland) was disqualified due to the number of missing flights otherwise would have been placed in the top three.

3rd - Sheppard & Flanagan (VIC)

Judges Comments:

Judged by Peter Thurn & Alistair Home

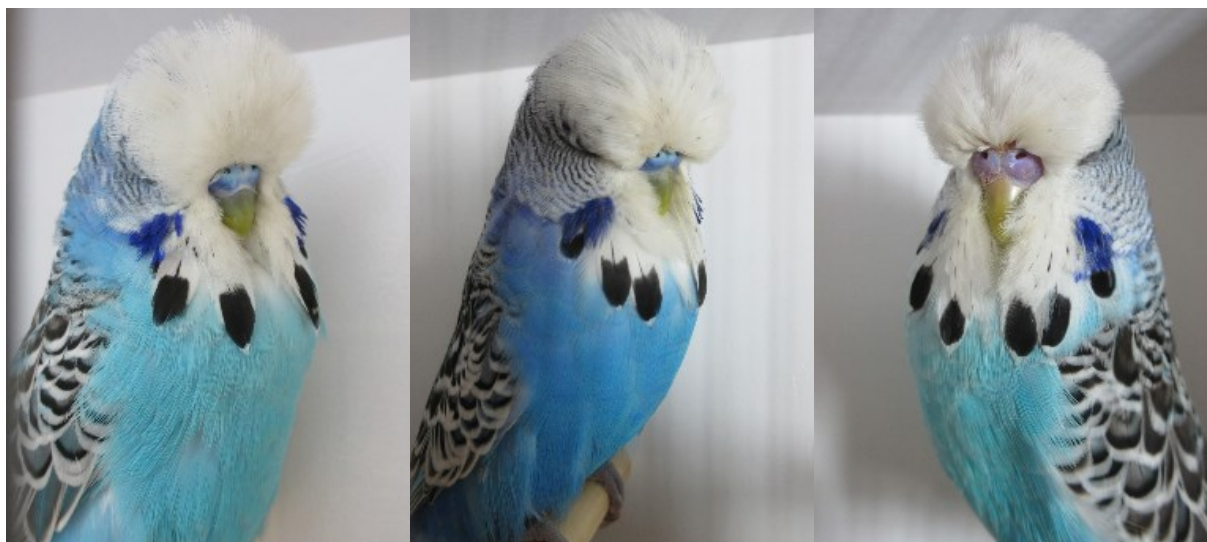

First (Kakoschke & Rice, Sth. Aust.) is the most complete bird in the class. Initially he let himself down by not showing but eventually showed enough to win. He has strong head features and a solid body.

Second (N Wheatley, West. Aust.) is a long bird with tremendous frontal but needed more substance.

Third (Sheppard & Flanagan, Victoria) is a similar style to the second with a deep mask but not enough facial width.

**1st - Andrew McFarland
(NSW)**

2nd - M Capasso (NSW)

3rd - C & B Gearing (WA)

Judges Comments:

Judged by: Malcolm Taylor & Peter Thurn

First bird (Andrew McFarland, NSW), powerful wide cock with lovely overall deportment and width with plenty of impact through the face and mask.

Second placing (Mario Capasso, NSW), a cobalt cock that showed well but lacked the overall power of the winner.

Third (C & B Gearing, WA), is a long stylish cock that could have looked better if he released his feather. He could have finished higher except he had 4 primary tail feathers and had to be penalised for this.

Fourth (Alan Bressow, Sth. Qld), is a nice wide cock who was a little unsettled at times in the mask, spot and chest.

**1st - Anlezark & Bohringer
(NSW)**

2nd - M Paoli (VIC)

3rd - Dennis Lomman (SA)

Judges Comments:

Judged by Malcolm Turner & Scott Eriksen

First (Anlezark & Bohringer, NSW) powerful bird, good solid colour, good depth of mask, good directional feather, all round a good solid bird. Unfortunately he has a tendency to put his third toe forward but when you move him, he brings it back.

Second (M Paoli, Victoria). It was close between first and second but this bird lacks a little in deportment compared to the first but still has good depth in colour.

Third (Dennis Lomman, Sth. Aust.) Lacks a little in head quality of first two but has good shoulder and colour.

Cage A (Collie Boys, Western Aust.) was disqualified due to it being a Cobalt rather than a Violet.

2nd - H George (SQ)

3rd - H George (SQ)

Judges Comments:

Judged by Alistair Home & Scott Eriksen.

A good strong class throughout.

First (D Rixon, Vic.) has strong impact, nice tucked in beak.

Second (Henry George, Sth. Qld) good condition, clean bird with a nice face and feather texture, tucked in beak, good body flow through the perch.

Third (Henry George, Sth. Qld) good solid bird with a bit of suffusion around the neck but still a solid long bird.

Fourth (M Hollyoak, NSW) is another good bird that stands well up of the perch but is just down a bit on condition.

Cage K held up well and is in the best condition with width and depth of mask.

Judges Comments:

Judged by Peter Thurn & Alistair Home

First (Mark Hawke NSW) is a grey cock and is very stylish with lovely deportment and a modern face. Great variety and markings.

Second (O'Callaghan Family, North & Central Qld) is a violet hen with super depth of mask and strong shoulder. Another good variety bird.

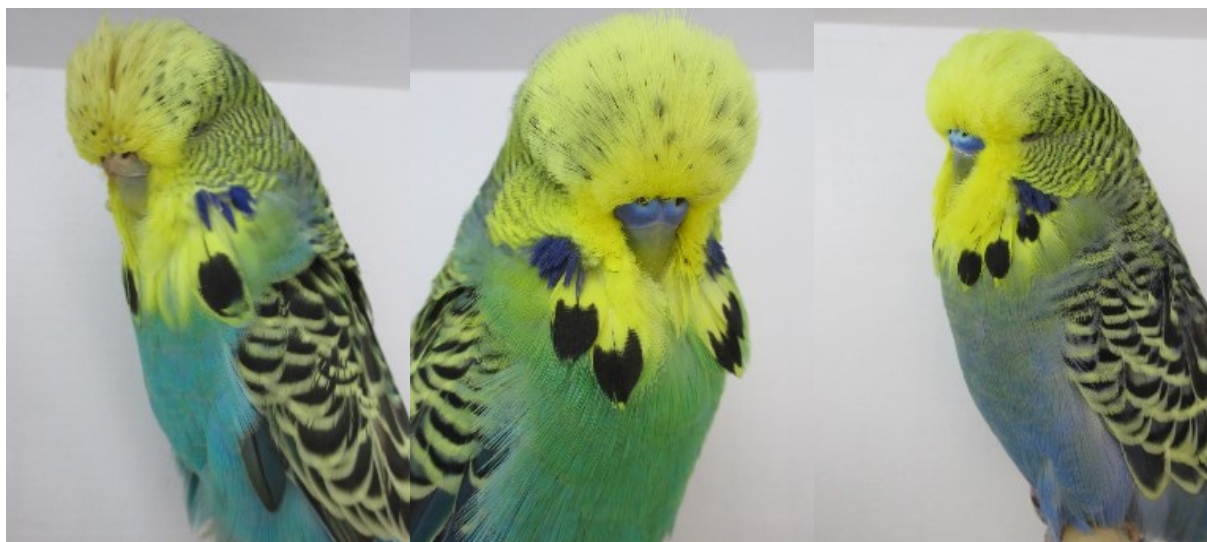

Third (C & B Gearing West. Aust.) is another grey cock which is a strong shouldered bird with great impact through his spots.

Comments: Quite a good class of birds to judge.

First bird became best in the variety once he sorted the spots on his mask out.

2nd - Rowe Brothers (VIC)

3rd - Charlesworth Family (TAS)

Judges Comments:

Judged by: Malcolm Taylor & Peter Thurn

Dilemma between the single factor birds having better balance and deportment than the double factor Golden Faces.

First (Rowe Brothers, Vic.) is a single factor hen, a good solid bird with plenty of power through the head, flecked but solid in all other aspects.

Second (Rowe Brothers, Vic.) is a cock, again a powerful bird, also flecked but lacked a bit of power when compared to the hen.

Third (Charlesworth Family, Tasmania) is a single factor cock, stylish bird but lacked the impact and face width of the two placed above it.

Judges Comments:

Some birds in the class have green suffusion which is what you get in a large class of Black Eye Selves.

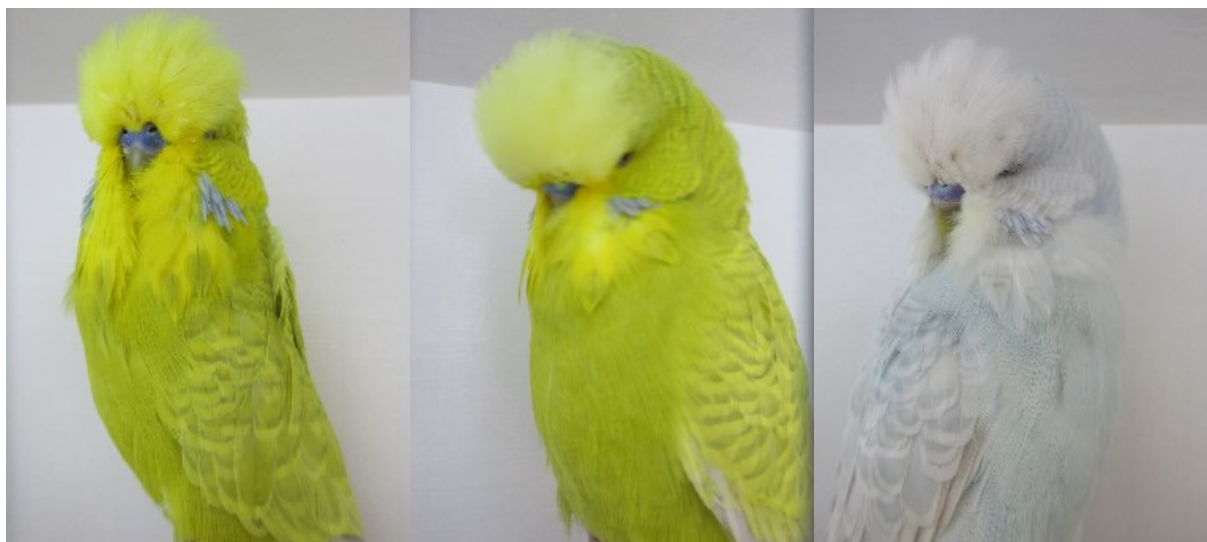

First (Ray Slade, Sth. Aust) an outstanding budgie no matter what variety. It has a wide face, strong throughout and excellent shape and showmanship.

Second (W & T Cusack, NSW). A very strong hen and unlucky to meet the winner today. Beautiful deportment, width of brow and style.

Third (Ray Slade, Sth. Aust). A yellow cock with lovely modern features and loose feather around the face. A nice modern look.

Judges Comments:

Judged by Alistair Home & Scott Eriksen.

This is a controversial class with markings and colour.

First place (B & D Card, Sth. Qld) has powerful shoulder and face, a long body. Smudginess in the wing pattern but depth of markings is okay.

Second (S Mow, Victoria) is another stylish bird, tucked in beak and pleasing facial features. Depth of colour is good and excellent in the wing pattern.

Third (Blair & Poole, Tasmania) is a shapely bird with good definition in marking and solid shoulder structure.

Judges Comments:

Judged by Malcolm Taylor & Alistair Home

First (J Leong Victoria) is a strong bird with a nice face and head feather. Full body and excellent colour.

Second (Kakoschke & Rice (Sth. Aust) also a very strong bird but just a little shorter than first. Again a lovely colour.

Third (P MacElroy, Qld North & Central) and fourth (Mark Hawke, NSW) are two very strong hens with very real presence and lively energetic birds - probably proving that show condition is the same as breeding condition

Comments: A super class of birds showing no suffusion which is excellent. The birds were taken to the natural light to check for suffusion. A really excellent class of quality birds.

Beautiful quality throughout the class with plenty of strength and body.

Coming from South Africa I have noticed the Australian birds have beautiful colour.

First (Bruce Schuster, North Qld.) is a power budgerigar with a fantastic frontal.

Second (Camelle Lamb, Sth. Qld) is the first of a group of stylish long Albinos that showed well. A little more length than the bird in third placing.

Third (Cedric D'Costa, Sth. Qld) is another super stylish cock that showed well with plenty of style and flair.

Judges Comments:

Judged by Peter Thurn & Scott Eriksen

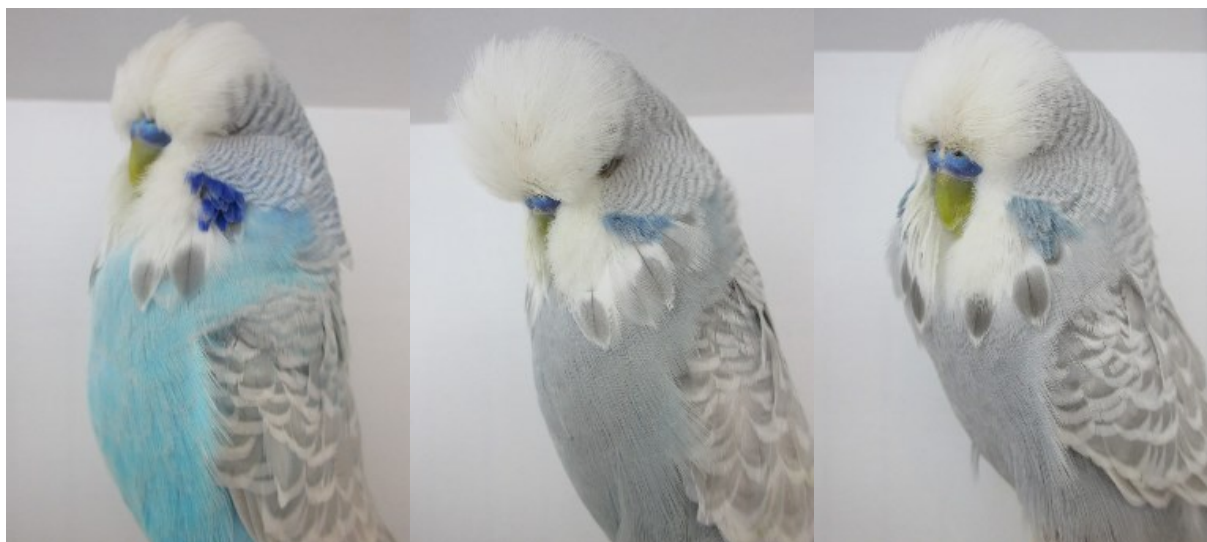

First (Kakoschke & Rice, Sth. Aust) is a cobalt cock, lovely modern face and heaps of style, has a very strong outline. A well balance bird that showed well the entire time of judging.

Second (Kakoschke & Rice, Sth. Aust) is a Dark Green cock with nice width throughout. He did not show himself to advantage. He has good contrast of wing and body colour and a lovely mask.

Third (Wright Family, Sth. Qld) is a light Green cock and is another stylish bird with good frontal rise and direction. Not the depth of mask as the second bird.

Judges Comments:

Judged by Malcolm Taylor & Peter Thurn

First (M Paoli, Victoria) is a Greywing Sky cock that stood out from the start. He was challenged at the end by the second bird but his overall width, power and facial impact made him the winner.

Second (I Haradine, Tasmania) is a Grey cock with an abundance of style who showed well all day.

Third (M Paoli, Victoria) is another grey cock with plenty of substance but not the style of the second bird.

First (Henry George Sth. Qld.) is a power bird with good width, strong body line, massive head, good shoulder and plenty of height - overall a top bird.

Second (Henry George Sth. Qld.) a Cinnamon blue is a very good quality stylish bird, well shouldered but not the power of the first. Has lots of good features and strong lines.

Third (Kakoschke & Rice Sth. Aust.) is a very good hen and it is hard for her to beat the cocks but in herself has all that is needed and certainly was not inferior in any way.

A nice strong class of birds with varying degrees of suffusion.

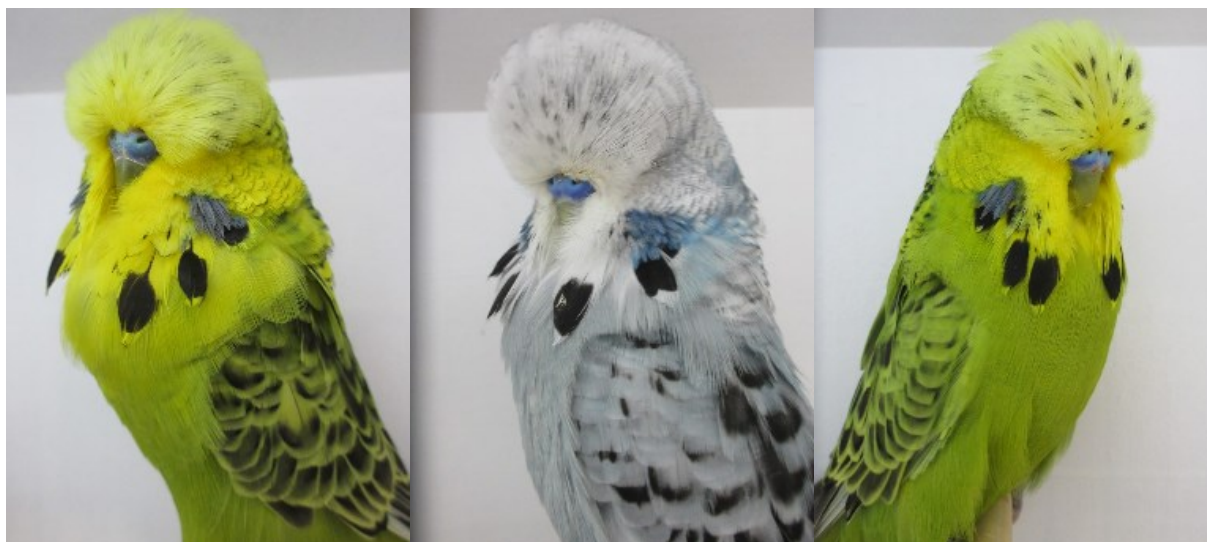

First (Henry George, (Sth. Qld) stands well and shows well, with a nice face, good mask and nice length of feather

Second (D & S Brooks, North & Central Qld) stands well, showed well, nice tucked in beak.

Third (B Hunt, Victoria) showed nice face and good colour.

First (Sheppard & Flanagan, Victoria) is a super strong powerful Greygreen. Strong in every aspect. Lovely directional feather, Powerful with strong impact in the mask. Bird to the Standard.

Second (D Andrea, Victoria) a Grey and is an eye catching bird side on who can be hot and cold at times but when he showed he displayed lovely feather and height above the cere.

Third (E & D Wise, NSW) a Greygreen has a lovely deep mask with large spots giving him nice impact. Good overall and has style.

First (Jeff Leong, Victoria) Powerful show bird, well presented on the bench with good length and depth of mask and height.

Second (Kakoschke & Rice, Sth. Aust.) very good Greygreen with power throughout but just lacks the show quality of the first place getter.

Third (Alan Kent, Sth. Qld). Is similar to the second bird with good size and quality but not the showmanship of the first bird.

Judges Comments:

Full credit to all the Clearbody breeders who are persevering to improve this variety. Typical problem if you have good variety you have lesser quality.

First (John Richardson, NSW) powerful bird with good shoulder and head. The wing feather is broader than desirable but he held it in place. Variety is not as strong but quality of bird carried him.

Second (Len Baartz, Sth. Qld.) has nice flair in head feather on a fine body. Good body colour and markings.

Third (M & D Gearing, West. Aust.) has a nice broad face and good wing markings, solid body and shoulder.

First (S & T Grech, Victoria) is a white hen with fantastic blending of features. She has a beautiful face, wide shoulders and lovely deportment.

Second (Carro Family, Victoria) is a green cock, a larger bird than the hen with lovely feather. When asked he showed well but has not the style and presence of the winner.

Third (M & D Gearing, West. Aust.) Is a white cock who has good overall deportment with a quality mask. Not the frame of the first two benched placed above him.

First (A Brown, Victoria) a violet cock and a modern bird with plenty of style and great deportment, nice impact throughout mask and spots.

Second (E & D Wise, NSW), an Opaline Violet cock which is very similar in style of bird in all respects to the winner but just lacked the winners overall quality.

Third (G Horrobin, Sth. Qld) is a green cock, strong bodied who showed well all dy but lacked the modern face of the birds above it.

Good class throughout showing good quality right through.

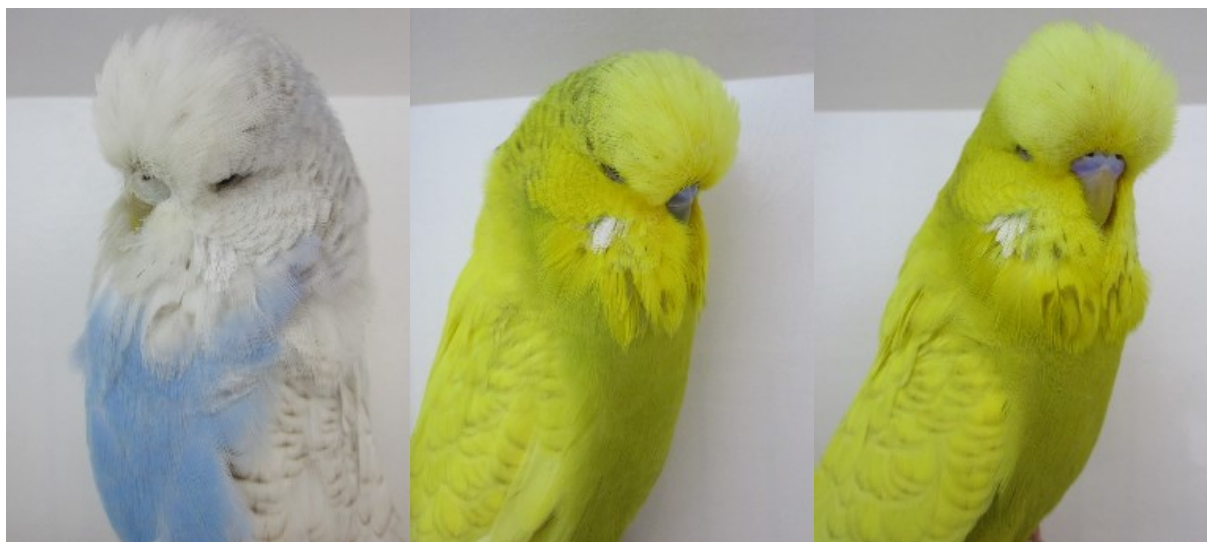

First (Henry George, Sth. Qld.) very close between the first two birds. First takes it with the width of the face and the height of the cap.

Second (Podger & Richie, Victoria) has perfect spangle spots, nice shoulder width and face.

Third (Blair & Poole, Tasmania) is a nice long bird.

First (Barbara Kelly, Sth. Qld) A wonderful powerful hen with lots of style, power and very good feather condition. She speaks for herself as to overall quality. Went into first place and never challenged.

Second (J Carter, NSW) is a very stylish bird with good feathering, lots of swank and good head qualities.

Third (Brian Walters, NSW) little down in quality than the two placed above it but still a very nice well rounded bird with plenty to recommend it.

A super class of birds showing strength and quality.

First (Ian Hunter, Victoria) is an absolute stand out bird. A dominant pied Dark Green cock who does everything that is wanted of him. He was placed in first position and was never headed. Super overall outline and tremendous facial impact.

Second (Henry George, Sth. Qld) is a light green cock with lovely strong shoulder, good directional feathering.

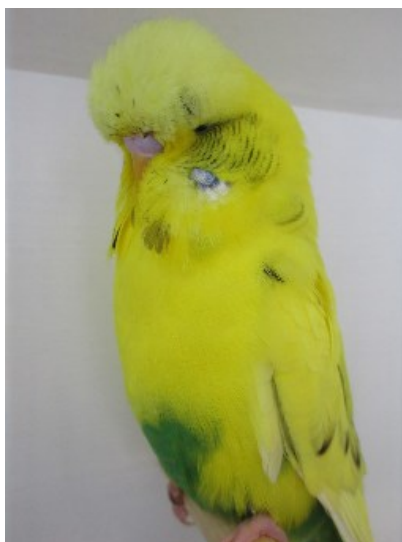

Third (M & D Gearing, West. Aust.) is a Greygreen cock and is similar to the second bird but not quite as wide. Top three birds were very high quality budgies.

First (Ken Seagrott, NSW) is a super light green cock with an abundance of strength and a nice modern face. He showed well all day.

Second (T & K Huth, North & Central Qld) is a dark green cock, again with plenty of presence and power but not quite the scale of the bird in first place.

Third (K Pullen, Victoria) is a Greygreen hen with super variety for a hen who showed to advantage all day and was unlucky not to finish higher. She proved you can breed a quality recessive pied hen with good makings.

**1st - Sheppard & Flanagan
(VIC)**

2nd - D & G Pymont (NSW)

3rd - John Mulley (SA)

First (Sheppard & Flanagan, Victoria). Malcolm stated it was the best crest he has seen anywhere in the world. This bird is a Pied with good shoulder, powerful and good quality. A very good all round bird.

Second (D & G Pymont, NSW) is a Sky which is a slim bird with again a very good crest, well balanced overall but lacked the body size of first.

Third (John Mulley, Sth. Aust.) is a Grey with a very well defined crest. Good style and good height. Strong shouldered with great impact. Third is a stylish bird.

1st - B Martin (VIC)

2nd - M Faddy (SQ)

3rd - K & B Fulton (TAS)

Judges Comments:

Judged by Malcolm Taylor & Peter Thurn

First (B Martin, Victoria) is a white hen with the best frontal in the class. A powerful shouldered hen who showed well when it counted. Lovely tight wings.

Second (Mort Faddy (Sth. Qld) is a yellow cock who stood out initially and led the class for a while. Just a little heavier in the flights and not the frontal width of the winner.

Third (K & B Fulton, Tasmania) is a white cock and is very stylish but not the shoulder of the birds above.

A fantastic class of hens. Strong quality throughout. Congratulations to all exhibitors in this class

First (T & S Appleton, Victoria) Chose herself, strong shoulder, lovely blow, lovely mask, great directional feather. A super bird.

Second (Henry George (Sth. Qld) Great shoulder, good all round top quality bird.

Third (Blair & Poole Tasmania) clean type lovely hen. Very stylish.
